

## Truman Appoints Two Prof's To Atom Board

### Commission Is Changed For 1st Time

Washington, May 9—(AP)—President Truman today nominated a top atomic scientist and a law professor to the five-man atomic energy commission—the first changes since it was formed in 1946.

The nominees are Henry DeWolf Smyth, who wrote the war department's much-discussed story of the atomic bomb development, and Gordon Dean, a practicing attorney and professor of law at the University of Southern California.

Smyth also is a professor, chairman of the department of physics at Princeton university. He will be the only atomic scientist on the commission which controls all phases of research and use of this energy for the government.

#### Accepts Resignation

The nominations for terms expiring June 30, 1950, were announced as Mr. Truman accepted the resignation of Robert P. Bacher, who has been the only atomic expert on the board. Bacher steps out tomorrow after pressing Mr. Truman to be relieved. The other vacancy created by resignation previously of William W. Waymack, former editor of the Des Moines, Ia., Register.

Dean, 43, was an assistant to Supreme Court Justice Robert H. Jackson in the prosecution of Nazi war criminals. A decade ago he was serving as a special assistant to the attorney general. He helped draft rules of criminal court procedure by appointment of the supreme court.

Associated With Project  
Smyth, 51, while associated with the ultra secret atom bomb project before the first bomb was dropped on Japan, was asked by the war department to write its official report on the bomb's development. It came out in September, 1945, and became known as the Smyth report. In two months, 100,000 copies were issued and demand continued. Some criticism sprang up that the report went too far in disclosing atomic information.

This was denied. Commission Chairman David E. Lilienthal later commented that the report "is an example of the release of information that is in our interest; without which not only would our own technical progress have been hampered, but the formulation of intelligent public policies rendered well-nigh impossible."

The report itself said that national policy ultimately depends on the citizens and "they can discharge such responsibilities wisely only if they are informed."

The other commission members are Sumner T. Pike, geologist and business executive, and Lewis L. Strauss, banker. Chairman Lilienthal is a lawyer.

## State To Re-Open Probe Of U. Of C. For Red Activities

Springfield, Ill., May 9—(AP)—An Illinois legislative commission voted today to re-open its inquiry into whether there are subversive activities at the University of Chicago.

Senator Paul Broyles (R-Mt. Vernon), chairman of the subversive activities commission, said seven U. of C. professors will be subpoenaed to appear at a hearing in Springfield next Monday.

Broyles said the faculty members will be asked to explain "discrepancies" in affidavits concerning membership in organizations described by a witness at an April commission hearing as "Communist-fronts."

Broyles said the commission was "not quite satisfied" with the sworn statements replying to allegations made by Howard Rushmore, a New York-Journal American reporter specializing in stories on communism.

Those named by Broyles as on his subpoena list were:  
James Luther Adams, professor of religious ethics; Ernest W. Burgess, professor of sociology; Robert J. Havighurst, professor of education; Wayne McMillen, professor of social service administration; Malcolm P. Sharp, professor of law; Rexford G. Tugwell, professor of political science; and Harold C. Urey, professor of chemistry.

**BIGGER SHOCK THAN HE THOUGHT IT WAS**  
Chester, S.C., May 9—(AP)—Farmer R. M. Massey's mule had the bad habit of leaning against a wire fence. Massey ran a wire from an electric pump to the fence to shock Mr. Mule into mending his ways. But the animal was standing in a puddle of water when he touched the fence. Now Massey is looking for another mule.

## Pope Says Individuals Hold Key To Economy

Vatican City, May 9—(AP)—Pope Pius XII said in a speech released today that the "free initiative of individuals" rather than socialism is the key to economic progress.

He asked for cooperation between workers and employers and said: "The opinion, unhappily too widespread, that between them there is an irreducible opposition of divergent interests is erroneous and sad in its consequences."

The pontiff said the answer to the world's economic ills must be found in employer-worker relationships, which preserve the authority of the employer while providing for "the prosperity of all the members of the people."

The Pope spoke Saturday night to a 400-member delegation of Catholic employers from Britain, Canada,

Chile, France, Belgium, The Netherlands, Spain, Austria, Germany, Italy, the United States and Switzerland. The text of his speech, delivered in French, was released today by the Vatican.

"For the moment," Pope Pius XII said, "the favor goes in preference to statism and nationalization of enterprises. It cannot be doubted that the church too—within certain just limits—admits statism and judges that one can legitimately reserve to the public powers certain categories of properties, those that have such power that they could not without danger to the common good, be left in private hands."

He added: "But to make of this statism the normal rule of public economy would be to reverse the order of things. The mission of public law is, in effect, to serve private right, not to absorb it."

"The economy is not by nature an institution of the state; it is, to the contrary, the living product of the free initiative of individuals and of groups freely constituted."

"Today, above all, when the lack of capital and the difficulty of international exchanges paralyze the free play of the costs of national production, both sides (employers and workers) have an interest in seeing that the costs of national production are proportional to its return."

## Asks Senate To Hurry Reorganization Bill

Washington, May 9—(AP)—President Truman today warned congress that it must hurry if it wants the executive branches of the government reorganized this year.

The reason: If congress passes a bill now before it, Mr. Truman would have the power to reorganize the executive offices. Yet any plans he makes must be before congress 60 days before they can become effective. This is to give legislation a chance to nullify them by voting disapproval if they wish.

Since congress is supposed to go home by July 31, it's obvious, Mr. Truman says, that the time is growing short.

Here is what has been done so far: The House has passed a bill giving Mr. Truman the power he wants. But it has made several departments exempt. These are the so-called quasi-judicial departments—the interstate commerce commission, the federal trade commission, etc.

Under the House bill, both the Senate and the House must disapprove Mr. Truman's reorganization plans within 60 days or they will go into effect.

The Senate proper hasn't got around to the reorganization bill yet. But its executive expenditures committee has approved a bill that would:

(A) Exempt none of the departments from the House exemptions.  
(B) Give either the House or the Senate the right to say no, within 60 days, to any plan the President might suggest.

Senate Majority Leader Lucas (D-Ill.) has said he'll try to get the Senate working on the bill soon.

The two men who should know claim the reorganization bill is one of the most important before the 81st congress.

## Ford And UAW Will Resume Peace Talks

### Economists Ask Some Tax Burdens Be Cut

Washington, May 9—(AP)—President Truman's economic advisers have suggested that some existing tax burdens be lightened and that the administration scale down its request for \$4,000,000,000 in new levies, responsible officials said today.

The council of economic advisers also was reported to feel that current business trends justify a check rein on federal spending in order to bring the budget closer to balance.

The council delivered its April report to the White House last week. It suggested the lowering or removal of some excise taxes, it was learned.

Such levies as the tax on transportation of goods, in the council's opinion, add to business costs and consumer prices and impede an orderly withdrawal from the post-war business boom.

The advisers suggested that consideration be given to accepting a "lesser goal" than the \$4,000,000,000 tax increase. Mr. Truman has suggested that this money be raised mostly from corporations and, per-

haps, from middle and upper individual income brackets.

The council did not recommend at this time the launching of an expanded public works program, an authoritative source disclosed. The advisers have consistently urged that federal and local governments prepare "shelves" of public work blueprints for use when needed to bolster employment and public purchasing power.

The three-member council—Dr. Nourse, Vice Chairman Leon Keyserling, and Dr. John D. Clark—were reported to be in substantial agreement on the April size-up of the economy.

### Reuther Goes Directly To Ford II

Detroit, May 9—(AP)—Walter Reuther appealed directly to Henry Ford II today to resume Ford strike peace talks tomorrow and Ford promptly accepted.

The young company president rejected, however, Reuther's invitation to attend the conference personally. He also turned down the CIO United Auto Workers president's challenge to a debate if the peace talks fail.

Ford said his company was going back into negotiations on the union's "speed-up" charge "on the assumption that they will be continued until this strike can be brought to a close."

**Will Meet This Afternoon**  
He suggested that the peace parley start at 2 p.m. tomorrow. Reuther had suggested a resumption of talks tomorrow morning, at a mutually agreeable time and place.

Reuther had proposed a debate between Ford and himself in Briggs Stadium Saturday or Sunday night if no agreement were reached by Friday.

Of this Ford said nothing "useful can be accomplished by a public debate on this matter."

"The issues in this strike," he said, "must be resolved on the merits and by conscientious effort at the bargaining table by both parties, and not by emotional appeals."

Ford said the company will be represented at the peace talks by John S. Bugas, vice president in charge of industrial relations. Bugas headed the company delegation last Thursday when negotiations were broken off.

**Bugas Barked By Ford**  
"Bugas," Ford said, "is fully informed as to all Ford Motor Co. policies." He "has the full support and backing of the management of this company," he added, "and has the responsibility for speaking for it on all matters involving relationships with your union."

The company president said he hoped for a quick settlement "so that undue hardships being suffered by thousands may be ended."

Ford had suggested that an industrial engineer consultant be called in to determine whether assembly lines in one building of the big Rouge plant make employees work too fast.

The UAW had contended that it was a "human" problem that could be settled fairly only through direct negotiations.

Reuther said that if Ford would attend the renewed peace talks he would be "apprized of all the facts in the situation which you obviously do not have."

His letter, delivered to Ford at 2:45 p.m., was answered less than 24 hours later.

**Man Serving Life For Murder, Loses Fight For Freedom**  
Chicago, May 9—(AP)—Raymond Boyd, 51, serving a life sentence for conviction of a murder in Peoria, Ill., today lost his fight for freedom.

Federal Judge Michael L. Igoe, denied his plea that he had been convicted without due process of law.

Boyd was brought into court from Stateville penitentiary on a habeas corpus writ. He was convicted of murdering Frank Blessing in a Peoria gambling joint in 1930.

Boyd testified in court that Henry Pratt, then state's attorney of Peoria county, had solicited him for a bribe; that he had not been properly presented by two lawyers appointed by the court and that Judge Joseph J. Dailey, now an Illinois supreme court judge, had not given him a chance to be heard.

Judge Igoe, ordering that Boyd be returned to Stateville, held he had not proved his charges against Pratt, that the court-appointed attorneys were competent, and that there was no evidence against Judge Dailey. Pratt testified today and denied all accusations.

**DAMAGED BY FIRE**  
Carlyle, Ill., May 9—(AP)—The post office of nearby Beckmeier, Ill., and two other business buildings adjoining were partially destroyed by fire today.

**WEATHER**  
The Norbury Sanatorium, cooperative observer for the U. S. Weather Bureau, yesterday reported the temperatures for Monday as follows: High 71; low 55; and at 6 p.m., 61. Rainfall 0.58.

Forecast for Illinois — Gradually clearing today and rather cool. High 64 to 68.

## Police Of Twelve States Search For Two Missing Girls

Atlantic City, N.J., May 9—(AP)—Police of 12 states joined today in a search for two 16-year-old girls, daughters of socially prominent Brigantine island families.

They have been missing since Saturday night when they told their parents they were going to a dance.

The girls were identified as Jeanette White, daughter of Josiah White, 4th, a partner in the management of the fashionable Marlborough hotel here, and Barbara Rosenberg, daughter of Municipal Court Judge John Rosenberg.

White said a police check showed the girls, high school juniors and neighbors, boarded a train for Philadelphia early Saturday night. White said he thought they might be headed for Florida, where Miss Rosenberg's mother, recently remarried, resides in West Palm Beach.

**Communists Push 2-Pronged Drive Into South China**  
Shanghai, May 9—(AP)—The Communists pushed a two-pronged offensive in South China today, one point thrusting southwest towards Nanchang and the other southeast towards the coastal province of Fukien.

Acknowledging this much, the Shanghai nationalist garrison gave no details. Instead, it reported sporadic fighting, apparently on a minor scale, near Kiating, 17 miles northwest of Shanghai.

The main Red push was a couple of hundred miles to the south, along a 250-mile loop southward from Hangchow on the east coast to Poyang Lake in the west.

The Communist radio said Red Forces had captured Tungsing, on the Hangchow-Nanchang railway 48 miles northeast of Nanchang. This would indicate an advance of about 25 miles from positions reported 24 hours previously. The Red radio, heard by the Associated Press in San Francisco, was also scanty on details, however.

(An unconfirmed report from Canton, nationalist provisional capital, said government forces had abandoned Hankow and started a "counter-offensive" on the railway at unspecified points east of Nanchang.)

**For First Time Since Last June, Wards Has Leader**  
Chicago, May 9—(AP)—Montgomery Ward and Company had a president today for the first time since last June. He is Stuart S. Ball, 45, who has been with the nation's second largest retail merchandising firm since 1932.

Ball succeeds Wilbur Norton, who resigned June 10, 1948, following an intra-company feud revolving around Sewell Avery, 75, chairman and chief executive officer. After service administration, Malcolm P. Sharp, professor of law; Rexford G. Tugwell, professor of political science; and Harold C. Urey, professor of chemistry.

**Pick Jury To Try Mission Worker On Kidnap Charge**  
Macomb, Ill., May 9—(AP)—A circuit court jury was being selected today for the trial of Mrs. Joan Brooks, 21, itinerant mission worker charged with kidnapping a seven year old boy.

Defense attorneys said they believed questioning of prospective jurors might consume two or three days.

Richard L. Strickler of Dubuque, Iowa, who disappeared from a Macomb hotel Sept. 29 while in Mrs. Brooks' custody.

She was arrested Jan. 26 in Denver with the Strickler boy and Bonnie Ann Jones, 18 months old, who since has been returned to her mother. Mrs. Ann Payer Jones of Pittsburgh.

**WILL COUNT HOUSES ALONG WITH PEOPLE**  
Washington, May 9—(AP)—The House voted today to have a special count of housing as part of the regular population census next year.

A roll call vote of 222 to 51 passed and sent to the Senate a bill by Rep. Murray (D-Tenn.) authorizing the housing census and a \$15,000,000 appropriation to pay for it.

## Watkins Walks Out Of Hearings On Atlantic Pact

Washington, May 9—(AP)—A republican critic of the North Atlantic treaty stalked out of Senate hearings on the proposed 12-nation pact today with an angry protest that Chairman Connally (D-Tex) was inflicting "gag rule."

Connally heads the Senate foreign relations committee which has been conducting the hearings.

Senator Watkins (R-Utah) walked out in silent fury, but later told a reporter:

"I'm sick and tired of it. I don't intend to be lectured, humiliated and embarrassed by the chairman any longer. I'm through with the hearings and any further questions I have to ask will be asked from the Senate floor."

Watkins is not a member of the committee, but has been given the special privilege of questioning witnesses at his own request. He has persistently challenged the need for the treaty.

At the outset of the hearings two weeks ago, Chairman Connally accused both Watkins and Senator Donnell (R-Mo) of trying to "obstruct, impede and filibuster against the treaty."

**American Zinc Co. Strikers Warned Plant Will Close**  
St. Louis, May 9—(AP)—The 850 workers on strike against the American Zinc company at its Fairmont City, Ill., plant were notified today that the plant will be closed June 10 unless arrangements are made for settlement of the strike before that date.

The decision was announced in letters to the employees from Howard I. Young, president of the company. The strike by local 82 of the CIO International Union of Mine, Mill and Smelter workers started last Aug. 13.

Young said the company has kept the plant furnaces going for nine months to prevent damage to them, but can no longer do this. Young said the furnaces are old and that he doubts they can be refired once they are banded.

**Lies Near Track 5 Hours After Train Cuts Off His Legs**  
Thorold, Ont., May 9—(AP)—Gordon Holland, 28, both legs cut off by a train, lay five hours on a railway track yesterday and shouted himself hoarse before help reached him.

Twice during the night, trains roared past him only inches away. Holland shouted steadily but no one heard him.

He was struck by a northbound Canadian National Railway train as he was crossing the tracks on his way home at 2 a.m. from a dance. He was dragged 18 feet until his body was jammed loose against a switch.

Doctors at St. Catherine's hospital expressed astonishment that Holland lived. The shock was so severe, they said, that it lowered his blood pressure and there was little bleeding.

**WILL BREAK RUSSIAN JAMMING WITH POWER**  
Berlin, May 9—(AP)—America's radio voice in Berlin will step up its power five times over in an attempt to smash through Soviet jamming of the Voice of America, it was learned today.

"Depending on broadcasts," an American radio technician said, "if they jam us they will knock out most of their own local stations at the same time."

**Families Earned \$222 More In 1948**  
New York, May 9—(AP)—The average American family in 1948 earned \$222 more after taxes than in 1947, Sales Management magazine reported today.

Of the total take home pay, it said 65 cents of every dollar was spent on retail store purchases.

The survey listed average per family income in 1948 was \$4,531 compared with \$4,309 in 1947, and average retail sales per family as \$3,131 against \$2,955 the previous year.

Per family income well above the national average included Illinois at \$5,266.

## 6th FBI Informant Testifies In Top U.S. Reds' Trial

New York, May 9—(AP)—A Toledo, Ohio, FBI undercover operative went on the witness stand today in the communist conspiracy trial—the sixth secret government informant in the party to testify. He said that in 1945 two party officials believed there would be a U. S. revolution soon.

The witness, William Cummings, a negro who joined the party in 1943, said he was vice-chairman of the organization in Lucas county, Ohio, at the moment he unmasked his real role by appearing as a witness.

His testimony covered another section of the United States in the web which the government is seeking to spin about the 11 high national party officials on trial.

As have the other witnesses, Cummings testified he was taught a doctrine of violent revolution in the party as a means of bringing about a dictatorship of the working class in America.

He said Ohio communist leaders told a Toledo party meeting in 1943 that "world conditions" would bring the revolution to this country much earlier than they had expected.

## Stevenson Tells Education Groups Of Fund Divisions

Springfield, Ill., May 9—(AP)—Governor Stevenson today unfolded to state education groups a tentative plan for distributing the \$112,000,000 he budgeted in state aid to common schools for 1949-51.

The governor outlined a proposed new assistance formula at an executive mansion conference.

He presented it for study and suggestions to representatives of the Illinois Education association, Parent-Teacher groups, The State Association of School Boards, The Illinois Agricultural association and Vernon L. Nickell, state school superintendent.

U. S. SHOULD BATTLE FOR OUR  
STANDARD OF OBJECTIVE PRESS

Two stout curbs on press freedom are concluded in the set of rules for international newsgathering that the UN Social Committee has drafted. One does not exempt news messages from the censorship that governments can now exercise over telecommunications. The other requires foreign correspondents "to report facts without distortion" and "to further international understanding, and to contribute to international peace and security."

The United States quite rightly and naturally opposed them. The second requirement, part of a code of ethics submitted by Mexico, is unenforceable, as our delegation pointed out. It is not always possible to report facts and at the same time to promote international good will.

Many dispatches could be subject of censorship because of this contradictory double assignment. Interpretative stories from foreign correspondents and reports of international discord—and possibly domestic also—would be automatically out.

A strange coalition of nations put through these requirements. Obviously the Soviet bloc would be for them. But Latin-American and Asiatic countries also joined in supporting them. This support can perhaps be explained in three ways:

The contention of journalism in those countries is quite different from what it is here. In most of them the government plays a much bigger part.

The parties in power want their regime to appear perfect before the outside world, however much or little leeway they gave the opposition press a home.

Some of these regimes have received real or fancied slights from the American press.

What in effect happened was that America's views of press freedom were on trial. These ordinarily friendly countries held those views up for observation and inspection. They apparently didn't like what they saw.

There may be justification for some complaints of foreign American press. We no not think that there have been many instances of distortion of real injustice. Certainly they have not been serious enough to farrant the proposal of drastic restrictions on reporting and analysis.

Even if our government loses the first round in the General Assembly, it should continue its fight for international press freedom. It should continue not only for the sake of its own press but for the protection that prompt, accurate newsgathering gives to the people of the world.

Without promptness and accuracy all sorts of injustices might go unrecorded, or at best be reported belatedly or at second hand. Crisis might develop in secret and burst upon a public that was unprepared for them. In the interest of peace and freedom the United States should do its utmost to keep the channels of information clear. If the press can help by some self-examination, that should be done, too.

## Boyle's Column

Detroit Young Man's Town;  
Worships Youth On Way Up

By HAL BOYLE  
Detroit — (AP) — Auto town side-

lights: This metropolis of the motor car has been one of the most swiftly changing cities in America. And the reason workmen give for going on strike here have changed, too. Some 65,000 Ford company workers walked out last week, charging the management had instituted a "speed up."

But Detroit's first strike, called 112 years ago by carpenters, sought labor's classic goals—shorter hours, more pay.

That strike was noted by the Detroit Daily Advertiser in its issue of April 4, 1837, as follows:

"Yesterday our streets were paraded by a large company of respectable looking journeymen carpenters, carrying standards bearing this pithy couplet:

"Ten hours a day and two dollars for pay."

Labor relations were hardly a major business headache then, however. There were only nine strikes in the entire United States in 1837.

The Ford strike today is second baseball as a conversational topic. Detroit is currently the most baseball-mad city in the country. And the name on everybody's lips is Johnny Groh, the sensational rookie center fielder for the Detroit Tigers.

Fans here regard this wonder lad as Ty Cobb, Babe Ruth and Joe DiMaggio wrapped up in one parcel. "If Johnny Groh ran for Mayor

in 1837,

"No," he laughed, "they usually screw on the nut as well as tighten it."

Plans Completed  
For IC Musicales  
Thursday Night

The Illinois College choir, directed by Henry E. Busche, has now completed plans for its musicale entitled "Of Thee, I.C.," which is to be presented Thursday evening at 8 o'clock in the Jacksonville High school auditorium.

The program, in two parts, will be as follows: Part I, "Illinois College Alma Mater" by Pixley, "Hi, Ho, Nobody Home" by Ray Charles, "Go Down, Death," Negro spiritual, and "Ohio River, She's So Deep," arranged by Mr. Busche, the choir; "Me and Brother Bill" and "Dry Bones," the I. C. Quartet; "Green Sleeves, Old English Ballad," the choir, with Fred Ruppel, tenor; and "Tradition," Latvian folk song, the choir.

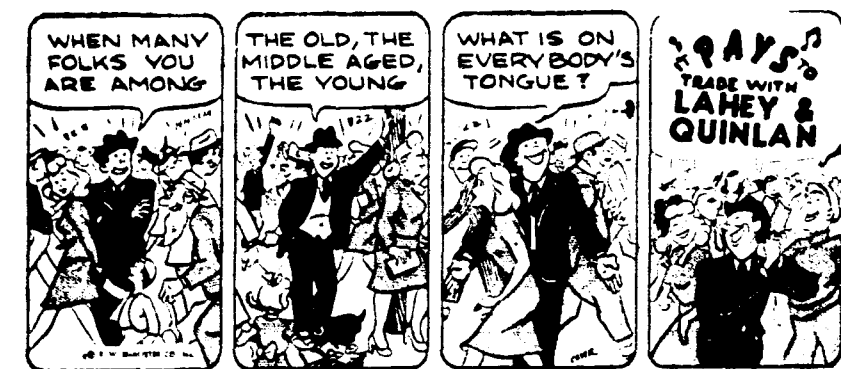

Part II, "In These Delightful Pleasant Groves" by Henry Purcell, the Madrigal group; "The Blue Room" by Rogers and Hart, Ronald Jensen and Russ Jones; "Slaughter on Tenth Avenue," interpretive dance, Nita Krueger and Bob Kunkel; "My Desire" and Johnson Rag, Philatena trio; "Railroad Chant," the choir, with Fred Wittekind, bass; "Java Jive," I. C. Quartet; "Shades of Imitation," the Russell Quartet; "Just a Song at Twilight" by Nidlinger, the choir; "April is in My Mistress' Face" by Thomas Morley, Madrigal group; "A Fellow Needs a Girl," by Rogers and Hammerstein, JoAnn Benson and Dick Mills; and "Let the Rest of the World Go By" by Ernest Ball, the choir.

The public is cordially invited to attend. Tickets may be obtained from members of the organization or at the door on the evening of the performance.

## Raise Value Of Derby Scholarship To \$5,000

The four-year college scholarship which is awarded annually to the national champion of the All-American Soap Box Derby has been increased in value from \$3,000 to \$5,000. It was announced Monday by T. H. Keating, general sales manager of the Chevrolet Motor division, co-sponsors of the Derby with leading American newspapers.

The Journal Courier and the Cornslet Chevrolet company are sponsors of the Jacksonville race, which is to be held on Saturday, July 17.

As in previous years, the second place winner in the national event, which will be run August 14 at Akron, O., will be awarded a 1949 Chevrolet sedan. The winner may select the model and color. Merchandise awards go also to the boys who finish third, fourth and fifth. "Each year the national champion of the Soap Box Derby is awarded a scholarship to the college of his choice," said Keating. "To meet present day conditions, Chevrolet has increased the cash value of this scholarship. By taking this action we believe that the first prize will continue to be the most important award in amateur sports."

**Exclusive Trophies**  
The official prize list, as announced by C. J. French, executive director of the Derby, shows that exclusively designed Chevrolet trophies will be awarded to the first four place winners, and to drivers of the cars that have the best brakes and run the fastest heat of the national race. The C. F. Kettering trophy is to be awarded to the best-designed car.

As an additional prize this year, the national champion will receive a handsome, gold ring for his victory over approximately 40,000 other contestants in all parts of the country.

The ring will be donated by Bardach Bros., Indianapolis, Ind., and is similar in design to that which is awarded to the winner of the 500-mile race at the Indianapolis Speedway. The Soap Box Derby ring is of gold, with the official Derby emblem in enamel mounted on the top. On each side is the checkered flag of victory, with the year inscribed at the side of the flag.

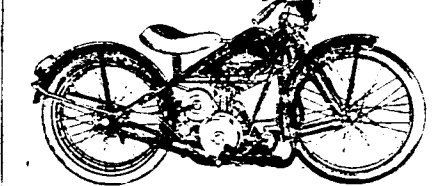

**Attractive Merchandise Awards**  
The merchandise awards that go to the place winners, as announced

by Derby headquarters, are: third place, a motion picture camera and projector; fourth place, a Webster portable wire-recorder; fifth place, a pair of Navy type eight-powder binoculars.

The Collins and Aikman award, a three-suiter traveling bag, goes to the builder of the best-upholstered car; and the Shell Oil Co. award, an Eastman Medalist Kodak, goes to the builder of the best-constructed car.

At each local race, the champion will receive the W. F. Armstrong trophy, a handsome plaque depicting a Derby racing car crossing the finish line. In addition each local champion will receive, at the Champions' Banquet in Akron, a Bulova second-hand wrist watch and a framed National Finals racing diploma.

## Bigger 3 Ways... DODGE gives you extra value

**WIDER on the inside... NARROWER outside!** There's extra value in the spread-out elbow room of the wide, wide seats. Yet the new Dodge is smaller on the outside... easy to park, easy to garage, easy to thread through crowded traffic.

**LONGER on the inside... SHORTER outside!** The new leg room in Dodge gives extra value in stretch-out comfort. Doors open wide, too... let you get in and out easily without squirming or twisting—and without knocking your hat off, either.

**HIGHER on the inside... LOWER outside!** More head room is another Dodge extra value you'll appreciate. Instead of low, slanting seats that force a cramped position, Dodge knee-level seats are actually higher for relaxing comfort, better vision.

**If you want extra value, you'll want DODGE!**  
There's extra value in Dodge beauty that flows from true functional styling... in the design that provides more head room, more leg room, more elbow room, greater vision for all passengers.

There's extra value in Dodge's Get-Away engine with its surging acceleration... its higher compression that squeezes extra miles from every gallon of gas... the smoothness of Dodge All-Fluid Drive at no extra cost.

Yes, you'll want Dodge for the extra value you get all the way from double-life hydraulic brakes and Safety-Bim Wheels, to the luxurious comfort of full-cradled ride and knee-level seats.

Add to these the Dodge reputation for dependability and economy and you'll discover why wise buyers say... "If you want extra value, you'll want Dodge."

**ISLAND OF ESCAPE**

By Hugh Lawrence Nelson

THE STORY: Four lonely women, selected through a matrimonial club as candidates to wed Henry Gough Harding, middle-aged, eccentric master of Spear Island, are finding many strange, unexplained things about the place. There are four graves—those of workmen killed by accident—near Harding. But Bea Cosgrove on a walk with Harding finds a plant by one of them—a plant she saw being cared for by Captain Oak, skipper of the ship that brought her to the island. And there are four dead fish, staked on the beach by little crosses. Harding kicks down the crosses in anger.

VII

THE galvanized mouth of the water pipe gurgled. It gurgled. A stream of clear water spouted from its lips, ruffled the surface of the pool and tossed the floating bits of wood with its outcircling ripples.

"Who?" Harding shouted. "Who?" He ripped the key ring from his pocket, sorted the keys. He found the one he hunted, stared at it.

The water continued its gurgle. The ripples reached the fish. Their tails fanned gently.

Harding raced back up the trail toward the distant main house.

Bea stood waiting until the flow of water stopped. The surface of the tiny pool settled into a sheeny surface untouched by the wind which passed above it. The fish were quiet now.

Bea Cosgrove started back up the trail. Windblown sand in the trail tugged at her ankles, fought her progress. She found herself struggling to move faster and faster. By the time she covered the part of the trail to the multi-colored cliff, she was spent, trembling.

She made herself sit down on a sun-warmed flat rock. Gradually her breathing became less painful. Far ahead on the side of the island's highest hill she could make out the vivid orange of Agnes Pirth's dress. No, she corrected herself, it would be Mabel Jones wearing the orange this week. "This," she told herself aloud, "is the time when a cigaret would really be a help."

Her mind received the statement gladly, toyed with it, built up the remembered pleasure of the first after-breakfast smoke.

But nothing smelled as good as a freshly opened vacuum can of Jim's special tobacco. She'd liked to open the tins, fill his pipe for him. So many things she had loved doing for Jim! "I couldn't do without you. You give me what I need." He'd said that many times. It had been too true. Because he needed self-confidence, self-reliance. So she had torn herself away, gone with a smile. And Jim was dead by his own hand. Harding's fault as surely as if he had pulled the trigger.

SHE must not think of herself now as Mrs. Bea Cosgrove Martin. No longer a wife. A pseudo-schoolteacher and an avenger. She could do that last thing for Jim.

Lilly had been mistaken. The sleep-mumbled words she had overheard concealed the truth.

Sorry? Bea Cosgrove had no use for the word. It was not the way to feel about what Henry Harding had done to Jim. Done it while she was away. She had her part to play. Her training would make it easy. She could get needed strength from her hatred until its reason for being had been removed.

She got up slowly, walked toward the cliff face. The purple shadow changed, grew darker, dissolved into an opening two feet wide and over 10 in height.

Bea stood in the cave mouth, sun-accustomed eyes trying to penetrate the shadows at the rear of the steeply sloping cave. There was a strong musky smell.

She heard first a small rustling from a side passage, and then the breathing. Soft, yet increasingly evident. The all-prevailing stud-

## "Easy Ed" Macauley Addresses Routt And Our Saviour's Teams

An All-American basketball player related to assembled Our Saviour's and Routt athletes how he reached the apex of a brilliant career in the cage sport, when he spoke to the local players, their parents and friends at the annual K. of C. banquet given in their honor Sunday evening.

Ed Macauley, St. Louis University star, told the Jacksonville Catholic school boys, "anyone can be great with practice. All you must be willing to do is to spend a few hours each day practicing." He cited several specific cases where great athletes have gotten that way by dint of hard practice and equally hard concentration.

The towering, 20-year-old St. Louis University senior spoke simply and with sincerity. He pointed the majority of his remarks to the young athletes who, as he stressed, "have something, I no longer possess. You boys have a lifetime of competition, both athletic and commercial, ahead

of you."

"Play Hard, Study Hard"

Macauley continued his address as he called upon the boys to concentrate equally hard on their studies. The famous cage star told the lads that no one, not even himself, could compete in athletics at St. Louis University without first becoming a success in the classroom. Mr. Macauley, who had been a basketball player at the time he had been in the national colleges was on the way out.

"The coward takes that first drink or first cigarette offered him for fear that he'll be laughed at if he doesn't," said Macauley, as he swung into the third point of his address. "Physical condition is, of course, the first requisite in the success of an athlete. It is something you'll find harder to acquire and easier to lose as you grow older."

Macauley, who recently signed a contract to play professional basketball with the St. Louis Bombers, and is hardly older than a Routt senior, begged the young athletes to refrain from acquiring "bad habits" until they were through with sports.

Barney Lewis, WLDSS sportsmaster and K. of C. member, who acted as toastmaster for the evening, Barney was called to the toastmaster's rostrum by Carl Kaiser, Grand Knight of the local order, after he had first welcomed the players and guests.

Mr. Lewis began the festivities by introducing the visiting priests, Father Henry Watson, new assistant at the local parish, replacing Father Franzen, was recognized. He was followed by Father Lydon of Murrayville and Father Morris, Our Saviour's coach. Father Morris presented letters to 11 grade school players. They were: Jim Phalen, Jack Rempe, Tommy Ring, Mickey McFadden, Jim Costello, Gene Towers, George Kennedy, Larry McGuire, Billy Length, Larry Beeley and Eddy Longman.

Father Jehnle, Our Saviour's hospital priest, was also recognized by the toastmaster.

Routt Men Get Letters

Following Macauley's talk, Paul Stroud, Routt coach, issued letters: certificates to the following junior varsity and varsity members: Eddy Flanagan, Jack Bonjean, Ed Omer, John Kennedy, Tubby Towers, Jimmy Sellers, and Bob Mullin. Varsity letters went to Vernon Tighe, David Henley, Billy Kaufmann, Jim Clancy, Ed Lawless, Dick Casler, Tony Cobb, Sonny Lonergan, Paul Saner, A. J. Spreen, Paul Kennedy and Joe Murphy (Captain).

Mr. Coonan, instructor at Routt High school for a number of years, concluded the list of speakers for the evening.

Herold Walker, choir-director at Our Saviour's church, led the group in singing several songs during the banquet.

## Reports On Youth Conference Given At B.Y.F. Meeting

"I Can Do All Things Through Christ" was the topic brought out by the conference reporters of the First Baptist Church Youth Fellowship at its friends' night meeting held Sunday evening.

Dr. Perry A. Roberts, one of the advisors of the group, gave a welcome to the parents and friends. The newly-installed president, Marjorie Morrison, was in charge of the meeting. Scriptures were read by Bill Malcomson, followed by a vocal solo, "Jesus, Name I Love," sung by Jane Morrison, accompanied by Joan Lind at the piano.

The meeting was designated to hear the reports of the 23rd annual Illinois Baptist Youth congress held in Galesburg on April 29 and 30 and May 1. The procedure of the report was as follows: introduction, Marjorie Morrison; hospitality, Mary Worrall; conference speakers, Daisy Huggitt; talent night and "The Great Commandment", Bill Jarrett; cell groups and group conferences, Mary Jane Eck; and "What I Got Out of Youth Congress", by Bill Quert. Twenty young people, accompanied by Mrs. Perry Roberts, attended from the local church, and were among the 800 young people registered.

Following the reports, Marjorie Morrison presented the retiring president, Bill Quert, with a gift from the Fellowship. Announcements concerning the association banquet in Springfield on Saturday, May 14, and the regular meeting of the Fellowship on Sunday, May 15, were made by the president. Miss Mary Worrall will be installed as editor of the "BYF", the association newspaper, in Springfield on Saturday evening. She will also have charge of the meeting on Sunday. The meeting was closed by the Con-

## Senators Surprise AL Foes With Bats; Take Seven Straight Wins

By Joe Reichler  
Associated Press Staff Writer

It's not official yet, but there is a strong rumor the American League clubs are planning to ask for a congressional investigation of the Washington Senators' baseball victory.

They simply can't believe that the allegedly weak-hitting Senators, riding high on an amazing seven-game winning streak, have been using natural batting power.

They strongly suspect that President Clark Griffith, a well-known henchman with capitol brass, has been allowed free access to the secret atom bomb files in the Pentagon building.

How else could anyone account for the 18 home run hit by Washington players in the last nine games? Or the 70 hits in the Nats' last seven winning efforts?

**Nats Trip Indians Twice**  
Washington's double victory over the Indians in Cleveland yesterday was by far the most amazing stunt of the young season. Joe Kuhel's unpredictable not only whipped the world champions in the opener, 7-3, but shut them out in the nightcap, 2-0 before 49,734 stunned Ohioans.

The double victory moved the Nats into a fifth place tie with Philadelphia's Athletics, only a half game away from the first division. The New York Giants continued to combine power and finesse to humble the Chicago Cubs 10-1 for their sixth straight.

The triumph gave the Polo Grounders undisputed possession of first place, as the Pittsburgh Pirates socked the Braves twice in Boston, 3-2 and 11-8.

The Giants backed Larry Jansen's steady pitching with a 14-hit attack that included Bobby Thomson's three-run homer and Billy Ripken's two-run triple.

The double defeat dropped Boston out of a first place tie to third, one and a half games behind the Giants. The Cubs clubbed Johnny Sain out of the first game with a five-hit four-run attack in the opening frame. They came up with a six-run eighth inning in the second

game to overcome an 8-5 deficit. Brooklyn scored four runs in a wild seventh inning to come from behind and defeat the St. Louis Cardinals, 8-7, at Ebbets Field. The Dodgers made only two hits in that inning, but received three walks and benefited by Ed Kazak's error.

Glenn Nelson led off the ninth with a triple, but relief pitcher Redbird, retired the next three Cards without a score. The defeat dropped the Cards into a last place tie with the Cubs.

Cincinnati and the Phillies divided a doubleheader in Philadelphia. The Reds won the opener 14-7 with a seven-run 12th inning. The Phils grabbed the nightcap, 8-1. The game was halted after six innings by Pennsylvania's curfew law.

**Yanks Blank Tigers, 8-0**  
Lefty Tommy Byrne allowed only two hits pitching the American League leading New York Yankees to a 12-0 shutout victory over the Tigers before more than 52,000 fans in Detroit. The Yankees got 17 safeties, including four by Tommy Henrich, to snap Virgil Trucks' four game winning streak. The Bronx Bombers now have won 15 of their 19 games.

The Boston Red Sox took both ends of a doubleheader from the lowly Browns in St. Louis, 10-6 and 4-3. The first game went 13 innings and the second eight before darkness halted it.

The Athletics split a twin bill with the White Sox in Chicago, winning the second game, 3-2 after Chicago had walked off with a 11-3 victory in the first game. Bill McCahan notched his first success for the A's in the nightcap.

## Tigers Make Hits Count To Beat Yankees 4 To 1

Detroit, May 9.—(P)—Young Ted Gray of the Detroit Tigers out-pitched the veteran Vic Raschi of the New York Yankees today to give the Tigers a 4-1 decision and second place in the American League race.

Gray held the league-leading New Yorkers to five hits while winning his second straight decision. Raschi, who had won four straight before today, gave up only five hits but yielded four costly walks.

The victory moved the Tigers ahead of Cleveland, which dropped to third place as it had an open date today.

In the third inning Dick Wakefield blasted Raschi's first pitch into the right field stands.

## New York Giants Win 7th In Row From Cubs 7 To 2

New York, May 9.—(P)—The amazing New York Giants coasted to their seventh straight triumph tonight, dumping the Chicago Cubs, 7-2, behind the steady hurling of Sheldon Jones. Sid Gordon and Willard Marshall hit home runs for the Giants.

The triumph kept the Giants in first place, a game and a half ahead of the National league defending champion Boston Braves.

Jones gave up nine hits to Charley Grimm's tailenders, but he kept them well-scattered, except for the second and fifth, when the Bruins touched him for their runs.

Grimm sent five hurriers into the game in an effort to stop Leo Durocher's men but, aided by 10 passes, the New Yorkers pecked away at the assorted offerings.

Gordon's homer came in the third with Whitey Lockman on base. Marshall's hit in the seventh with none on.

Ralph Hamner started for the Cubs, and was charged with the defeat. He was followed by Dewey Adkins, Andy Dornier, Emil Kusch and Dwain Sloan.

The victory was Jones' third against three setbacks. Chicago ..... 010 010 000-2

## Cardinals Wallop Brooklyn For 15 Hits To Win 14-5

Brooklyn, May 9.—(P)—The St. Louis Cardinals, who blew a big lead to Brooklyn yesterday, took no chances today as they hammered four of six Dodger pitchers for 15 hits and a 14-5 victory.

Big guns of the Cards attack were Rookie Eddie Kazak and Tommy Giviano. Kazak drove in five runs with a double and a homer with the bases loaded in a five-run eighth inning spree. The grand slam McCormick also homered for Brooklyn.

Jackie Robinson, with a two-run homer and two singles, paced the 10-hit Dodger assault. McCormick also homered for Brooklyn.

Glaviano sent in four runs with a homer, double and single. Marty Marion, with three hits, and Stan Musial and Ron Northey, with two apiece, were other Cards to fatten their averages.

Al Brazle, St. Louis starter, was knocked out in the seventh inning after giving up seven hits and all Brooklyn runs. Howie Pollet stopped the Dodgers' lead to safeguard Brazle's third victory. He has lost one.

## Grimm Still Won't Pick Flag Winner In His Circuit

New York, May 9.—(P)—Charlie Grimm, whose Chicago Cubs have played every other team in the National League except the Philadelphia Phils, said today he still couldn't pick the probable pennant winner.

"And I don't think it will be much easier a couple of months from now," Jolly Chippy opined. "Why, everybody in the league except the New York Giants is playing right about 500 ball."

"I've been saying all along that this race was going to be a tough one to pick and I don't see any reason to change yet."

"Everybody's improved. We're a better ball club than last year. Of course, those Giants are getting the pitching now and they look pretty good."

## Browns Have Little To Cheer About—Except Graham

St. Louis, May 9.—(P)—They have dubbed him "Graham, the Cracker." And ganging Jack Graham is certainly cracking out the base hits for the downtrodden St. Louis Browns.

His specialty is home runs and today he is tied with Vern Stephens of the Boston Red Sox for the major league lead with seven. About half of his 25 hits have been for extra bases.

With his team having an indefinite lease on the American league cellar, Jack's fence-busting feats are about the only things Brownie co-horts have to cheer about these days.

Joining Jack is no respecter of pitchers when he swings his home run bat. Four of the best chuckers in the league—Bob Lemon, Vic Raschi, Steve Gromek and Walk Masterson—have seen their prize pitches sail out of Sportsman's park, kissed by his budgeon.

The big guy rang the home run bell 48 times for San Diego last season and walked off with the Pacific Coast League's most valuable player award.

## Markets At A Glance

New York, May 9.—(P)—Stocks—Lower; selling in steels and other metals.  
Bonds—Lower; mostly fractional losses.

Cotton—Quiet; evening up operations.  
Chicago  
Wheat—Easy; late selling wipes out early gains.  
Corn—Steady; rallied in last hour.  
Oats—Easy; trade light.  
Soybeans—Lower in slow dealings.  
Hogs—Fairly active and steady to 25 cents higher; top \$18.90.

**PUBLICATION NOTICE**  
The requisite affidavit for publication having been filed, notice is hereby given you, Joseph Raymond, and the "Unknown Owners of the South 110 feet of Lot 41 in the Medina Addition to the City of Jacksonville, Illinois," defendants in the above entitled suit, that the above suit has been commenced in the County Court of Morgan County to execute and deliver to the plaintiff, in proper form, a Tax Deed for the premises described hereinafter:

The South part of Lot forty-one (41) in the addition to the Town, (now city) of Jacksonville, known as Medina Subdivision, beginning at the Southwest corner of said Lot forty-one (41), thence East one-hundred twelve (112) feet, thence North one-hundred ten (110) feet, thence West one-hundred twelve (112) feet, thence South one-hundred ten (110) feet to the place of beginning.

And also for finding that there are no general or special taxes unpaid on the subject real estate, and that there are no unredemmed tax sales or forfeitures on said real estate as of the date of filing of said petition, and also for an order barring the defendants, and each of them, and injoining them, from asserting any claim of any right, title or interest in and to the above described premises or any part thereof from this time hence and for further relief; that summons was duly out of said Court against as provided by law, and that the said suit is still pending now, therefore, unless you, Joseph Raymond, and the persons designated as "Unknown Owners," the said defendants, file your answer to the complaint in said suit or otherwise make your appearance therein in the County Court of Morgan County, held in the Court House in the City of Jacksonville, Illinois, on or before the first Monday in the month of June being June 6, 1949, default may be entered against you and each of you at any time after that date and a decree entered in accordance with the prayer of said complaint.

Dated this 30th day of April 1949.

**CHICAGO LIVESTOCK MARKET REPORT**  
Chicago, May 9.—(P)—Price trends in livestock were mixed today. Hogs were mostly 25 cents a hundred pounds higher; cattle were steady to 25 cents up, except steers which were steady to 25 cents lower, and lambs were weak.

Butcher weight hogs grading good and choice ranged from \$16.75 to \$18.85 and a top of \$18.90. Sows took \$14 to \$16.50 and a top of \$16.75. Medium to low-choice steers ranged from \$22 to \$25.50 but the choice top reached \$27.50. High-choice heifers went to \$26.75, the best price here for these since April 11. Good to low-choice heifers had \$24 to \$25.50, and common to medium beef cows \$17 to \$19.25. Sausage bulls peaked at \$22 and choice vealers at \$26.

Good to choice native spring lambs sold at \$30, good shorn old-crop lambs at \$28, medium woolled lambs at \$27, and ewes at \$13 and below.

Included in the day's run were 8,000 salable hogs, 14,000 cattle, 400 calves, and 500 sheep.

## Three Illinois Valley Coaches Tell Changes In Positions For 1950

Three Illinois Valley coaches have changed jobs for more lucrative offers in the 1950 season. John Campbell, Ivy league reporter, has announced.

Howard Lester, who led the Winchester high school athletes to an outstanding basketball performance the past year, has taken a position as head coach at the Macoupin county high school. Lester's Wildcat cagers set a new high in team scoring during the '48-49 calendar.</

NEW MOSCOW PLAY

**SATIRIZES AMERICANS**

**Moscow—AP**—The Moscow Satire theatre has produced a new play about Russians and Americans. It is called "Fateful Inheritance".

It pictures four Americans aboard a Volga river steamer. One, a representative of an American law firm, is in search of the heir of the estate of an American millionaire of Russian lineage who has died and left \$20,000,000 without a will. He is after a 7.5 percent commission which the play claims must, according to American law, go to the person who finds a missing heir.

In a moment of weakness he allows his fellow Americans to worm out his secret, whereupon two of them decide to get the money for themselves.

The heir to the millionaire's riches is supposed to be Semyon Tuzov who is aboard the boat. Much of the play is devoted to scenes showing the Americans trying to get Tuzov to sign a paper to the effect that the given American had informed him of his estate first.

Tuzov puts them off for several days, then calls them together in the salon and announces that he has discovered the real heir to the millions.

This theme offers many opportunities for jokes and patriotic feuillets on such things as Russian food, Russian baths, the Russian people.

Roofing paper, covering the soil under a basement-less house, helps keep the moisture low in the crawl-space between floor and earth, and decreases the danger of timber rotting and iron rusting. It lessens the need for crawl-space ventilation, thus making it easier to keep the floor warm.

TO CORNISH,

## Expect New Aerial Truck To Arrive In City About May 15

Jacksonville's new 100 foot aerial ladder fire engine probably will arrive during the week of May 15, according to information received yesterday from the American LaFrance Corp., builder of the big, spectacular machine. It will be shipped from the factory at Elmira, N.Y., to Springfield, where it will be unloaded from a flatcar and driven to this city.

Alderman Reid of the fire committee reported to the council last night that Chief Inorgan received a telegram from the American LaFrance Corp., stating that shipment of the aerial truck has been delayed, and that it is anticipated shipment on May 10 or 11.

The machine will be unloaded at Springfield because no local railroad platforms are suitable to handle a machine of its size and weight, Alderman Reid said.

Mayor Hoagland said the arrival of the aerial truck is an event of interest not only to city officials but to a large number of citizens, who will want to see it operate. He suggested that a public demonstration be arranged after the firemen become accustomed to its use and it is put into service at fires in which high buildings are involved.

Alderman Reid reiterated his belief that the State of Illinois should join in sharing the expense of the new fire-fighting equipment, due to the protection the municipality affords to many institutional buildings. He pointed out that several thousand handicapped persons are cared for in three state institutions, each of which is one mile or more distant from the fire station.

**Plan Conference**  
The mayor and councilmen expressed similar opinions. A conference with state officials is expected to be arranged for a discussion of the subject.

Legal steps necessary for a special election May 28 on the question of issuing \$27,000 bonds for park improvement purposes were taken by the council with the passage of two ordinances.

The ordinance providing for issuance of bonds to bear one and a half per cent interest, in even the proportion carries, was given second reading by City Attorney Fay. It was passed on motion of Alderman Hanline, seconded by Alderman Reid.

Alderman Hanline moved, seconded by Alderman Reid, that an ordinance calling a special election Saturday, May 28, for the purpose of voting on the bond issue, be given first reading. The provisions were then set forth by the city attorney.

**To Vote At Schools**  
The ordinance designated the four public grade schools as polling places, which will be open from 8 a.m. to 5 p.m. on election day. Judges and clerks in each of the four wards also were named. The emergency clause was adopted on motion of Alderman Kelly, seconded by Alderman Wood, after which the election ordinance was passed on motion of Alderman Hanline, seconded by Alderman Reid.

A letter from William J. Wright, sanitarian of the health department, was read by City Clerk Phillips stating that an inspection of a

## Norma Jean Smith, George Fox Appear In Recital Sunday

A large and appreciative audience attended the recital given Sunday afternoon at the Centenary church by Norma Jean Smith, soprano and George Fox, baritone. Both young vocalists, advanced pupils of Mrs. Lois Hardin, expect to take up musical careers.

Miss Smith, senior at Winchester high school and daughter of Mr. and Mrs. George N. Smith of that city, showed flexibility of tone and style in her presentation of eight numbers, "Care Selve" by Handel, "Let Us Dance, Let Us Sing," Purcell, "Have You Seen But a White Lily Crown?" Time of James I.; "The Alleluia," Time of the Motet; "Un Bel Di, Vedremo," G. Puccini, "A Pastoral," Veracini; "Far Away," La Forge; and "Life," Curran.

Mr. Fox, J.H.S. senior and son of Mr. and Mrs. Roy Fox of 715 S. Main street, executed his eight solos with exceptional interpretive power. He sang "Surrexit Christus," Rossini; "Vom Tode," Beethoven; "Nur Wer Die Sehnsucht Kennt," Tschalkowsky; "Lord God of Abraham," Mendelssohn; "The Message," Chute; "How Do I Love Thee," Lippe; "My Message," D'Hardelot; and "The Rain Road," Stewart.

Particularly enjoyable was Cesar Frack's "O Lord Most Holy," a duet sung by the two recitalists. They were accompanied by Myrtle Larimore, organist, and Charles Covey, violinist.

Miss Carmen Covey, a pupil of Hugh Beggs, served as piano accompanist throughout the program.

## Mrs. Armstrong Dies Here Monday: Services In Ohio

Mrs. Lizzie D. Armstrong, 80, passed away Monday at 2 a. m. at the home of her daughter, Mrs. Wilfred Marsh, 1235 South Clay avenue, with whom she had been residing for the past year.

Mrs. Armstrong was born in Madison county, Ohio, on Aug. 3, 1868, the daughter of Robert and Jane Davidson. She had spent most of her life in London, Ohio.

Surviving are two daughters, Mrs. Marsh of this city and Mrs. Helen McVicker of Indianapolis, Ind.; two brothers, Sam Davidson of London and Tom Davidson of Okmulgee, Okla.; five grandchildren and three great grandchildren.

Mrs. Armstrong was preceded in death by a daughter in 1930. The body was taken to the Cody and Son Memorial Home and will be removed to London, Ohio, Tuesday.

Funeral services will be held Thursday at the Lukens Funeral Home in London. Burial will be in the family lot near that city.

## Secretaries Elect Officers, Delegate

Isabelle Irlam was elected president of the National Secretary's association at a dinner meeting held recently at Hamilton's cafe.

Pauline Bird was named delegate to a convention which will be held June 29-July 1 in Chicago. Her alternate will be Anne Minks.

Other new officers are: vice president, Anna Minks; secretary, Dorothy Crabtree; corresponding secretary, Lillian Brown; treasurer, Helen Brown; and historian, Jean Marie Cooper.

Installation of officers will be held at the association's annual guest night June 1. Jessie Mikesell was a guest.

## Mrs. Amy Eldridge Dies Here Monday

## Court Prepares To Try Cases On Criminal Docket

Several defendants under indictment and awaiting trial appeared in circuit court Monday morning where they were questioned by Judge Wilhite as to any plans they may have made in engaging counsel.

Mrs. Bertha Sparks, facing a charge of murder in connection with the death of Mack Chaudoin, told the court that she expects to secure an attorney to represent her. The court instructed her to report again Wednesday.

Judge Wilhite appointed Attorney John Bellatti to act as counsel for Bobby Richard Fellhauer of East St. Louis, under indictment for burglary.

Several other defendants conferred with the court but no action was taken in their cases, pending conferences with attorneys.

## Pork Support Plan Worries Agriculture Head-Simerl

The problem of supporting hog prices this fall has the Secretary of Agriculture worried, says L. H. Simerl, agricultural economist of the University of Illinois.

"He is required by law to support the market at 90% of parity for the remainder of this year. Prices are working downward toward support levels. More hogs are headed for market this fall and consumer demand is expected to weaken further," Simerl observes.

"The present price support level is \$16.50 at Chicago. This is for all weights of good and choice barrow and gilt butcher hogs. This support level will be raised 25 cents a week until it reaches \$18.25 on Sept. 25. (Good to choice butcher hogs ranged from \$16.75 to \$18.85 in Chicago, Monday.)"

"Support levels for October and later months will be figured from 90 percent of the parity price in September. If prices of things farmers buy average about the same in September as they did during the past two months the support level may be

## Young French Teacher To Visit Jacksonville School System Today

Jean-Jose Valette, a young elementary teacher from Paris, France, will inspect the Jacksonville public school system today. He is in Jacksonville as a guest of the local chapter of the National Education association.

Monday he visited the Franklin and Waverly district units, I. S. D. and I. S. B. and will go to Springfield Wednesday for a tour of the office of the superintendent of public instruction.

Jacksonville teachers held an informal reception for him at the high school Monday night.

Problems which he has found his homeland and the United States to have in common is a shortage of elementary school teachers and a greatly increased enrollment of pupils.

He particularly likes American co-education. In France the boys and girls are separated.

"I feel that coeducation has many more virtues than faults," he asserted.

**Advocates Adult Courses**  
But he feels that our education system could stand some improvement, particularly in specialized training at earlier ages and more stress upon adult education.

Short courses for adults, running from December to March, are used to great advantage in France, he said, especially in the rural areas.

He was interested in high school vocational training, particularly home economics and agriculture.

"In France agriculture is taught to girls. They do much of the farm work," he observed.

Chosen by the French minister of education to study the American schools and colleges, the young French teacher, who joined the Free French forces and trained as a paratrooper with the American army in North Africa, felt right at home when he reached New York City. It was so much like the American movies he had seen.

The National Education association sponsors visits of European instructors in the hope that "they can find out what we're really like." Valette says many Frenchmen believe every American is very rich and that the country is full of blondes and gangsters.

Valette teaches French, Latin, Greek and civics in a public secondary school in a Paris suburb, Saint-Germain-en-Laye. His pupils, all boys, range from 11 to 19 and he is emphasizing the teaching of social studies in his visit to the United States.

His father was a Parisian and his mother came from Normandy. Jean-Jose was born in French Indo-China where his father was in business. The teacher took his secondary studies in Poitiers and received his degree from the Sorbonne in Paris.

Arriving in Jacksonville Sunday evening after a visit to New Salem Park, Valette was a dinner guest of Miss Edna Osborne, J.H.S. home economics instructor, Sunday evening and of Mr. and Mrs. John Agger Monday evening.

## Bawling Bovine Is Just Homesick

Newton Falls, Ohio, May 9.—P.—The grass was not greener on the other side of the fence for Mrs. A. S. Louffer's cow.

After Bossy went on a crying jag, Mrs. Louffer wrote Ohio State University's department of dairy husbandry:

"Please write and tell me what you can do with a damn cow that has all the grass she can eat, all the water she wants to drink, and is bred, that just stands and bawls and bawls until she just about drives you nuts. She doesn't have a thing to bawl about that I can see."

While university experts pondered that one, Mrs. Louffer took the situation in her own hands today. She moved Bossy back to the pasture from which she had taken her four days earlier.

The cow stopped bawling her bovine brains out at once.

## Approve Rate Drop Of Insurance Co.

## Winchester Woman Drowns In Trough

Winchester—An inquest into the death of Mrs. Daisy Hazelrigg, 68-year-old Winchester woman, who was found dead in a concrete watering trough near her home in Winchester Monday morning, will be held at 9:30 a.m. today at the Cunningham Funeral Home.

Coroner Kenneth Cunningham will conduct the inquest.

The body was found by her husband, Milton Hazelrigg, after he returned from a short visit with neighbors.

It is believed that Mrs. Hazelrigg had gone outside to look for her husband. She had suffered frequent dizzy spells during recent months and it is believed that during such an attack she tripped and fell into the trough.

Mr. Hazelrigg had filled the trough earlier in the day and very little of the water had been used by the livestock.

Mrs. Hazelrigg's body was lying on its side and was completely submerged.

She had been in ill health for more than a year.

Mrs. Hazelrigg is survived by her husband, three children, Fred of Jacksonville, Joe of Winchester and Mrs. Nell White of Alton; a brother, James Hodgson of Chickasha, Okla., and six grandchildren.

One daughter, Mrs. Lucille Campbell, preceded her in death.

The body will be taken to the family residence at noon Tuesday. Funeral services will be held at 2:30 p.m. Wednesday at the First Baptist church, with the Rev. F. V. Wright officiating.
